CAUTIONS

IMPORTANT SAFEGUARDS

When using electrical equipment, basic safety precautions should always be followed including the following:

READ AND FOLLOW ALL SAFETY INSTRUCTIONS

1. To avoid the possibility of electrical shock, turn off power supply before installation or servicing.
2. This product must be installed and wired in accordance with the National Electrical Code (NEC) or your local electrical code by a person familiar with the construction and operation of the product and the hazards involved.

**SAVE THESE INSTRUCTIONS FOR
FUTURE USE**

MOUNTING – DIRECT MOUNT VALANCE

1. Install the luminaire per the installation instructions.
2. Place each half of the valance around the mounted fixture.
3. Attach the valance to the fixture with the two screws included in the packaging.

NOTE: One screw per side will be installed into the upper hole of the valance.

See Figure 1

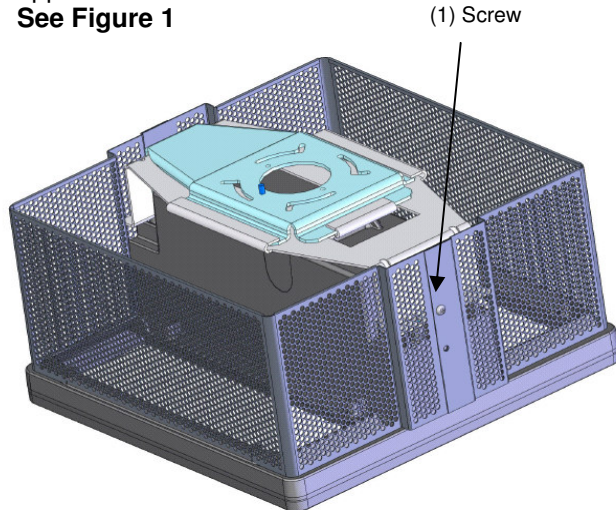

Figure 1

MOUNTING – HOOK MOUNT BIRD GUARD

1. Slide the cord through the bushing located on the top of the guard and wire the fixture per the installation instructions.
2. Attach the bird guard to the luminaire using the four screws included in the packaging.
3. Install the luminaire per the installation instructions.
See Figure 2

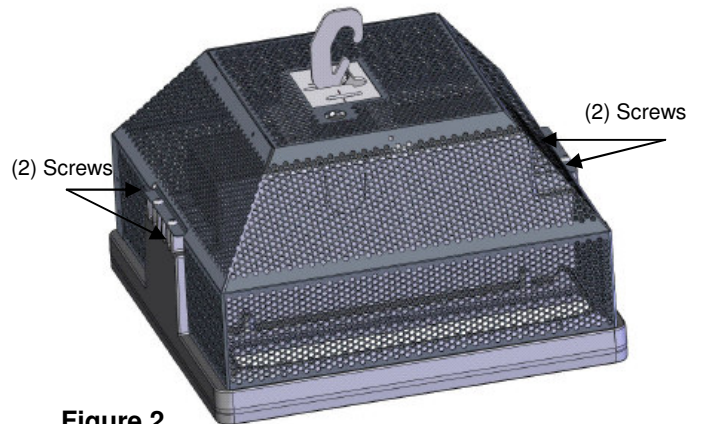

Figure 2
