

SOLAR LIGHTS

EV READY SOLAR FLOOD LIGHT

Make your EV drivers feel safer while charging their vehicles! The Solera Solar Lighting Flood Light is the perfect solution to illuminating the parking spots around the breezEV charging stations. A significantly less expensive option than having to add additional light poles near your chargers.

- > Easily bolted, in-the-field to the top cap of the breezEV Cable Management pedestal (Part # EVC-L2-ACC-BB).
- > Comparable to 150W HID.
- > The light fixture is 100% powered by the sun
- > 4 hours of 100% brightness and then 25% for the remainder of the night with one charge.
- > Adjustable LED light engine delivers light exactly where you need it.
- > Li-Ion battery lasts at least 1500 charge cycles and is replaceable.
- > Panel dimensions (L x W): 26" x 11"
Height (adjustable) 16" to 21".
