

AmpUp

EV charging for communities of all shapes & sizes

AmpUp is an electric vehicle (EV) software company that enables drivers, hosts, and fleets to charge stress-free. Fully-integrated with the charge station of your choice, AmpUp software helps you easily manage your EV charging needs by offering unique management plans ranging from simple to sophisticated.

DYNAMIC ACCESS

Manage who gets to use your chargers, and when they get to use them - for free, or with a fee

COST NEUTRAL

AmpUp helps you recover your costs, helping you set up the right charging price and optimize your revenue

ENERGY OPTIMIZATION

We make sure that you get the highest utilization out of your current chargers before installing more

WHO WE SERVE

Multi-Unit Dwelling

Utility & Governments

Workplace & University

Retail

Fleet

Hospitality

FOR STATION OWNERS

AMPUP COMMUNITY MANAGER

- ✔ Real-time analytics and monthly reporting
- ✔ Set pricing by time, energy, or a mix of both
- ✔ Track CO2 saved and other sustainability metrics
- ✔ Easily cash out revenue with Direct Deposit
- ✔ Manage multiple user groups and access in one place
- ✔ Effortlessly save money with load management, time-of-use rate, and demand response integration

FOR DRIVERS

AMPUP MOBILE APP

- ✔ Access the largest shared charging network
- ✔ Get real-time analytics and notifications of charging activity
- ✔ Flexible authentication and payment methods
- ✔ On-demand support
- ✔ Reserve a station in advance
- ✔ Bookmark stations you frequently charge at
