### ARCHITECTURAL EMERGENCY LIGHT

The MAKO-3 is an architectural emergency egress light fixture offering in a low-profile, very attractive housing. The sleek design blends seamlessly into any installation and provides a contemporary alternative to typical “bug-eye” units. The MAKO-3 is ideal for retail stores, hotels, schools, restaurants, office buildings and outdoor applications. Perfect for wet locations and cold environments.

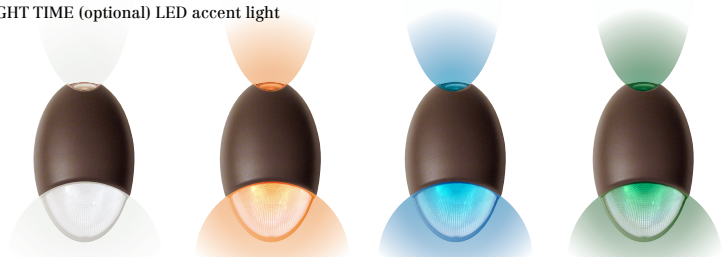

# MAKO

### LIGHT MODES

NIGHT TIME (optional) LED accent light
