Energy Solutions INTERNATIONAL, INC.

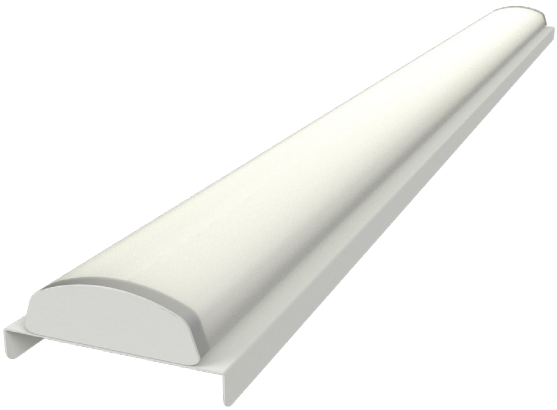

CE GOLD

LED Architectural Strip Kit

TYPE	PROJECT NAME	DATE

FEATURES

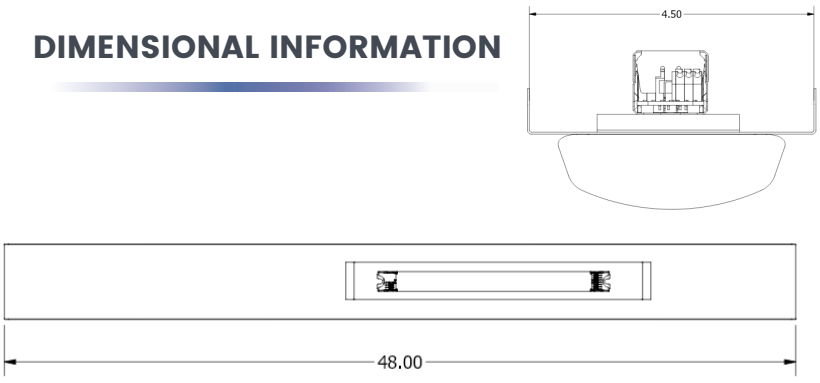

- Architectural styling with no visible hardware
- Utilizes Philips High Flux LED Modules for industry leading efficiency
- Shallow profile ideal for surface mounting or suspended applications
- Wide beam angle provides even illumination
- Up to 140 lumens per watt
- 150,000 hr + L70
- IoT - Ready

TECHNICAL INFORMATION

- **Finish**: All metal surfaces are painted with a highly reflective white gloss to provide a visually appealing fixture
- **Components**: Philips LEDs and Philips Drivers provide reliability and simple replaceability
- **Fixture Mounting**: Fixture can be surface mounted or suspended
- **Housing**: .032" Aluminum housing provides a sturdy, light, and easy to install fixture
